

Medical Forensic Exam Training

Webinar

8:30 am - 12:30 pm

August 30, 2023

This 4 hour training provides the “nuts and bolts” to provide a competent and compassionate medical forensic sexual assault exam. The presentation covers the legal considerations, evidence collection, packaging the sexual assault kit, documentation, injury identification, reporting to law enforcement, Restricted and Unrestricted kit storage, Track-Kit system, prophylaxis medications, and tips for taking a medicolegal history from the patient. The presentation is designed to increase nurses’ confidence and competence when conducting medical forensic exams and to improve the quality of care for patients that have experienced sexual violence.

Learning Objectives

- Describe Trauma Informed Patient Care and interviewing techniques
- List the types and techniques for collecting and packaging evidence
- Describe genital anatomy and identification of injuries related to sexual assault
- Discuss STI and pregnancy prophylaxis following sexual assault
- Describe options for reporting a sexual assault to law enforcement

Who Should Attend: Registered Nurses

Instructor: Linda Walther RN SANE A, Minnesota Coalition Against Sexual Assault
