Trauma Nursing Core Course

November 12 & 13, 2020

8:00 am—5:00 pm

CCM Health—Luther Haven Meeting Rooms

824 North 11th Street , Montevideo , MN, 56265

Description:

The Trauma Nursing Core Course (TNCC) is a course designed to provide the learner with cognitive knowledge and psychomotor skills. The Trauma nursing process is used to standardize the approach to trauma care and is reflected in the chapters and in the psychomotor skill station in the manual.

Purpose:

The Emergency Nurses Association believes that the knowledge and psychomotor skill as identified in the Trauma Nursing Core Course will assist professional nurses to systematically assess the trauma patient and to intervene or to assist with interventions in a manner that will decrease the current mortality and morbidity associated with trauma.

Objectives:

- Upon completion of the TNCC course the participant will be able to:
- Discuss the concepts and principles of the primary and secondary patient assessment
- Establish trauma patient management priorities
- Demonstrate a standardized, systematic and organized approach to assessment, planning, intervention and evaluation of the trauma patient

Presenters: Hennepin County Medical Center Staff

Pre-Requisite for the Course: It is recommended that the course participants have at least six (6) months of clinical nursing experience in an emergency care setting prior to taking the course.

Who Should Attend: *This course is only for RN's; however LPN's may attend the course, but will NOT be allowed to test.*

Pre-course work is REQUIRED: *E-Book and pre-course information will be sent to registered participants approximately 15 days prior to the class date.*

Continuing Education: Credits: 19 clock hours/18.3 Contact Hours
