If a career at a medical facility is of interest to you and you would like more insight into the medical billing field, this course is for you! This course will teach you the basic information to get started in the medical billing field.

There is a growing need for trained billers in the medical field. A career in medical billing comes with growing employment opportunities in a variety of settings including: hospitals, clinics, and skilled nursing facilities.

Minnesota West Community & Technical College and Medi-Sota, Inc. have partnered to develop an interactive, entry-level online course to prepare students for success, providing them the information, understanding and skills needed to get started in the medical billing career path.

This entry-level self-paced online course provides the flexibility for those students already employed and need non-traditional training opportunities to succeed OR for students that want to enter into the medical billing field.

The instructor offers the opportunities to ask questions and receive guidance as needed. The course is anticipated to be 11-13 weeks in length.

Course Description:

This course provides an entry level study of health insurance plans, billing and reimbursement methodologies, and compliance approaches. Included: Payor categories, APC's and other prospective payment systems, the revenue cycle, chargemaster, RBRV's, regulatory guidelines, billing processes, and more.

Key Objectives

- ◆ Identify & understand how to complete insurance claims, including to 3rd party plans.
- ◆ Explain the role of a managed care organization.
- ◆ Discuss the life cycle of an insurance claim.
- ◆ Explain retention of records law.
- ◆ Interpret a chargemaster.
- ◆ Evaluate the revenue cycle management.
- ◆ Complete UB-40 & CMS-1500 forms.
- ◆ Differentiate between fraud & abuse.
- ◆ Determine pre-certification or pre-authorization needs, including eligibility for services from documentation.

Course Summary - Duration: 11-13 weeks (Estimate 5-10 hours per week) - Class is Online Only & Self-Paced with Instructor assistance and guidance.

- ◆ Intro to Health Insurance
- ◆ Managed Health Care
- ◆ Revenue Cycle Management
